Company name		Type of the vehicle (mark, model, VIN code)	
Identification number		Estimated current market value	
Address			

The testing procedure for the vehicle part:
Identification of the facility, where the vehicle part was tested:
Name and contact details of the authorized expert or vehicle mechanic who has tested the vehicle part:
"I declare that the part of the vehicle mentioned above has been repaired, if it was necessary to carry out a repair (see section "Testing procedure for the vehicle part") and is fully functional, usable for its original purpose and meets European safety standards⁸⁾."

Signed by the authorized expert or vehicle mechanic, who has tested the vehicle part:
Date and place of the test (stamp, signature):

Explanations:

Vehicle part holder – the details of the owner of the vehicle part before transboundary shipment, shall be provided; if the owner is a legal entity, the name of the company and the ID number shall be stated. In the case the holder is not the same person as owner, it is necessary to prove with the power of attorney the owner of the vehicle.

Vehicle part specification – fill in the official or utility name of the vehicle part, the designation of the vehicle part, the specification of the vehicle from which the vehicle part originates, including VIN identification numbers, and the estimated current market value of the vehicle part.

The testing procedure for the vehicle part – the procedure by which the test was performed on the vehicle part (specifically according to the transported part of the vehicle), the resulting test values, measurements, description of the repair of the vehicle part, if any, etc.

Identification of the facility, where the vehicle part was tested – name, address, ID number of the person who proved the test of the functionality of the vehicle part, or vehicle part repair.

Name and contact details of the authorized expert or vehicle mechanic who has tested the vehicle part – authorized expert means a person authorized to carry out expert activities, an independent claims adjuster or a person with appropriate qualifications in the country of destination. Vehicle mechanic means a person authorized to do business in the field of repair and maintenance of motor vehicles or a person with appropriate qualification in the country of destination. It is a person according to § 112 paragraph 4 of the Act no. 542/2020 Coll., on end-of-life products.
